

The company

About us

We are consultants, specialized in several business areas. The establishment of the *ER consult network of experts* is a result from the desire to unite our efforts in order to achieve efficiency, competitiveness, flexibility and growth of our business.

The scope of our activities include provision of information services; expertise; development, implementation and monitoring of projects.

Vision

ER consult and management Ltd. faces the challenge to work in a very dynamic and rapidly changing environment. The world globalization, the Bulgarian accession to EU, the implementation of new standards, the increasing need for actual information, the strong competition are only some of the new realities in business.

Mission

Our purpose is to assist our clients successfully to adjust their businesses to the new changes in order to achieve sustainable development.

Team

ER consult is a network of high qualified specialists. Our consultants possess substantial professional experience and a profound theoretical knowledge.
